

Electric Fencing

Cruiser DC Mains/Battery IP Energizer

Overview:

The Cruiser DC range of mains/battery Electric Fence Energizers makes animal control a breeze. New styling and features include an audible warning if there is a serious fault on the fence and Pakton's patented Auto-Sync™ Technology which helps keep your fences operating safely. The Cruiser DC Energizer will run on a 12V battery or 110/240Vac. At up to 16 Joules output, or a whopping 22J of stored energy, they are powerful enough to power up to 160km* of fence.

The Cruiser DC Mains/Battery series is available with built-in Wi-Fi, ready to connect directly to your mobile phone via the cloud. With Pakton's App Direct technology, you can control and monitor your energizer via an Android app. Contact Pakton sales for more information on the App Direct system.

*The actual acres or kilometres of fence powered by an energizer depends on your farm fence conditions and therefore varies greatly. The best method to compare energizers is to use pulse output energy (Joules)

Features:

- Models available with 8J, 12J or 16J peak output energy (up to 22J stored energy)
- IP Energizer® technology with built in Wi-Fi option – see the fence voltage and control the energizer via the free IP Energizer Controller App
- Large easy to use fence terminals
- LED Energizer and fence status indicator
- LCD shows fence voltage and stored energy
- Auto-Sync™ technology for safer fences
- Power on demand (automatically ramps up power when needed)
- Bi-polar or conventional output
- Highly efficient and intelligent digital design
- O-Ring sealed IP44 enclosure for ant and moisture protection
- Lightning protection
- Easy to mount on wall with 2 screws
- Approved to International Safety Standards
- UV stable enclosure available in a range of colours
- Designed and manufactured in Australia

Specifications:

Output Voltage	Peak:	8.9 kV
Energy	16J output	22J stored
	12.3J output	16J stored
	8J output	11J stored
Size	Height:	250 mm
	Width:	180 mm
	Depth:	136 mm
Weight	Product:	3.1 kg
	Packed:	3.6 kg

Electric Fencing

Package Contents:

- Cruiser DC Mains/Battery Electric Fence Energizer
- Battery leads
- Mains power adapter
- Instructions

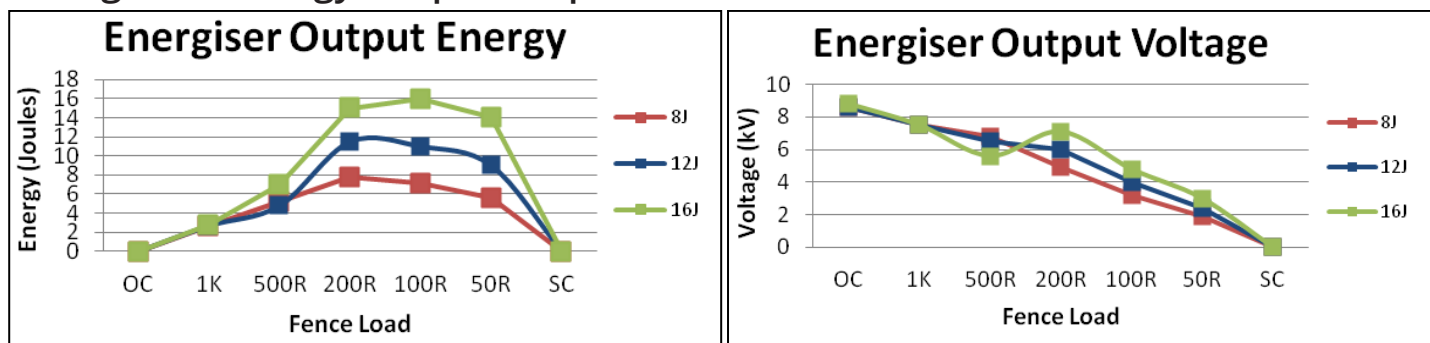

Warranty:

12 month Manufacturer's Warranty, negotiable
